A seminar addressing Arkansas water quantity and water quality issues was held in Little Rock, AR on December 18th.

Doug Ford, P.E., of Pollution Management, Inc. discussed a variety of issues associated with water treatment, recycling, utilization, and storage.

Mr. Ford's presentation reviewed:

- Efforts to Improve Municipal Water Use Practices
- Water Reduction Goals
- Central Arkansas Water Supply
- Main Sources of Water Use in Arkansas
- Municipal Water Conservation (including a discussion of engineering practices)
- Conservation Technology
- Food Processor Water Use/Reuse Issues
- Safe Drinking Water Act
- Clean Water Act National Pollution Discharge Elimination System Permitting
- Arkansas Water Quality Standards (Regulation No. 2)
- Protection of Groundwater
- Nutrient Issues
- Flood Plains
- Wetlands
- Stormwater Rules
