The Texas Commission on Environmental Quality ("TCEQ") is making available various presentations being undertaken by its Air Permits Division at the 2016 Environmental Trade Fair on May 3-4.

The Environmental Trade Fair is being held in Austin, Texas.

The presentations are being made available by TCEQ from the Air Permitting Track, which is being held on both days. The presentations are described as including basic information regarding the permitting process including administrative and technical review procedures.

The slides and other materials that TCEQ is making available includes:

- Air Permits Division Updates/Management Introductions
- Standardized Authorizations (Permits by Rule, Standard Permits, etc.)
- Commonly used Permits by Rule
- Introduction to New Source Review Permits
- New Source Review Modeling and Impacts Evaluation Expanded Outline
- Prevention of Significant Deterioration/Nonattainment/Netting
- Emissions Banking and Trading Programs
- Site Operating Permits – Initial, Revision, and Renewal Applications
- General Operating Permits

A link to the presentations can be found here <https://www.tceq.texas.gov/permitting/air/training/env-tradefair.html>.
