# Mississippi Water Environment Association and Alabama/Mississippi Section-American Water Works Association Training: Disinfection Technologies, Safety, Reporting Requirements, and Monitoring for Water and Wastewater

## Arkansas Environmental, Energy, and Water Law Blog

11/07/2016

The Mississippi Water Environment Association and Alabama/Mississippi Section of the American Water Works Association are holding a joint training seminar titled *Disinfection Technologies, Safety, Reporting Requirements, and Monitoring for Water and Wastewater* ("Seminar").

The *Seminar* will be held in Senatobia, Mississippi on December 6th.

*Seminar* topics will include:

- Chemical Release and Tier II Reporting for Water and Wastewater Facilities
- Chlorine and Hypochlorite Safety
- Onsite Hypochlorite Generation
- Chlorine Dioxide Disinfection Solutions for Water and Wastewater
- Ozone Disinfection of Water and Wastewater
- QA/QC for Laboratory and Continuous Monitoring of Disinfection processes

The *Seminar* sponsors note that training has been approved by the Mississippi Department of Health for six hours of water CEUs and Mississippi Department of Environmental Quality for six hours wastewater CEUs.

The *Seminar* will run from 9:00 a.m. to 4:00 p.m. and lunch and breaks are provided by United States Environmental Services, Inc. It is free of charge for members of the Alabama-Mississippi Section of the American Water Works Association and the Mississippi Water Environment Association.

The charge is \$10 for non-members.
