I. NATURE OF THE ACTION

1. This is a civil administrative enforcement action, pursuant to Section 3008(a) of the Resource Conservation and Recovery Act (RCRA), 42 U.S.C. § 6928(a), ordering compliance with the requirements of the South Carolina Hazardous Waste Management Act (SCHWMA), S.C. Code Ann. § 44-56-10 *et seq.* [Subtitle C of RCRA, 42 U.S.C. §§ 6921-6939g], and the regulations promulgated pursuant thereto and set forth at South Carolina Hazardous Waste Management Regulations (SCHWMR), 25 S.C. Code Ann. Regs. 61-79.260-270, 61-79.273, and 61-79.279 [Title 40 of the Code of Federal Regulations (C.F.R.), Parts 260 through 270, 273 and 279]. This action seeks the imposition of civil penalties pursuant to Section 3008(a) of RCRA, 42 U.S.C. § 6928(a), for violations of Section 44-56-130(3) of the SCHWMA, S.C. Code Ann. § 44-56-130(3) [Section 3005 of RCRA, 42 U.S.C. § 6925] and 25 S.C. Code Ann. Regs. 61-79.270.30(a) [40 C.F.R. § 270.30(a)].
2. The *Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits*, which govern this action and are promulgated at 40 C.F.R. Part 22, provide that where the parties agree to settlement of one or more causes of action before the filing of a complaint, a proceeding may be simultaneously commenced and concluded by the issuance of a Consent Agreement and Final Order (CA/FO). 40 C.F.R. §§ 22.13(b) and 22.18(b)(2) and (3).
3. Complainant and Respondent have conferred for the purpose of settlement pursuant to 40 C.F.R. § 22.18 and desire to settle this action. Accordingly, before any testimony has been taken upon the pleadings and without any admission of violation or adjudication of any issue of fact or law and in accordance with 40 C.F.R. § 22.13(b), Complainant and Respondent have agreed to the execution of this CA/FO, and Respondent hereby agrees to comply with the terms of this CA/FO.

SFB

II. THE PARTIES

4. Complainant is the Chief, Enforcement and Compliance Branch, Resource Conservation and Restoration Division, United States Environmental Protection Agency (EPA) Region 4. Complainant is authorized to issue the instant CA/FO pursuant to Section 3008(a) of RCRA, 42 U.S.C. § 6928(a), and applicable delegations of authority.
5. Respondent is Giant Cement Company, a company organized under the laws of the State of Delaware. Respondent is the owner and operator of a cement manufacturing and hazardous waste management facility located at 654 Judge Street, Harleyville, South Carolina (the Facility).

III. PRELIMINARY STATEMENTS

6. Pursuant to Section 3006(b) of RCRA, 42 U.S.C. § 6926(b), the State of South Carolina has received final authorization to carry out a hazardous waste program in lieu of the federal program set forth in RCRA. The requirements of the authorized State program are found at SCHWMA, S.C. Code Ann. § 44-56-10 *et seq.* and 25 S.C. Code Ann. Regs. 61-79.260-270, 61-79.273 and 61-79.279.
7. Pursuant to Section 3006(g) of RCRA, 42 U.S.C. § 6926(g), the requirements established by the Hazardous and Solid Waste Amendments of 1984 (HSWA), Pub. L. 98-616, are immediately effective in all states regardless of their authorization status and are implemented by the EPA until a state is granted final authorization with respect to those requirements. South Carolina has received final authorization for certain portions of HSWA, including those recited herein.
8. Although the EPA has granted the State authority to enforce its own hazardous waste program, the EPA retains jurisdiction and authority to initiate an independent enforcement action pursuant to Section 3008(a)(2) of RCRA, 42 U.S.C. § 6928(a)(2). This authority is exercised by the EPA in the manner set forth in the Memorandum of Agreement between the EPA and the State.
9. As the State's authorized hazardous waste program operates in lieu of the federal RCRA program, the citations for the violations of those authorized provisions alleged herein will be to the authorized State program; however, for ease of reference, the federal citations will follow in brackets.
10. Pursuant to Section 3008(a)(2) of RCRA, 42 U.S.C. § 6928(a)(2), Complainant has given notice of this action to the State before issuance of this CA/FO.
11. Section 44-56-60(a)(2) and (b) of the SCHWMA, S.C. Code Ann. § 44-56-60(a)(2) and (b) [Section 3005 of RCRA, 42 U.S.C. § 6925], sets forth the requirement that a facility treating, storing, or disposing of hazardous waste must have a permit or interim status. The implementing regulations for this requirement are found at 25 S.C. Code Ann. Regs. 61-79 Parts 264 (permitted) and 265 (interim status) [40 C.F.R. Parts 264 (permitted) and 265 (interim status)].
12. Pursuant to 25 S.C. Code Ann. Regs. 61-79.261.2 [40 C.F.R. § 261.2], a "solid waste" is any discarded material that is not otherwise excluded from the regulations. A discarded material includes any material that is abandoned by being stored in lieu of being disposed.

13. Pursuant to 25 S.C. Code Ann. Regs. 61-79.261.3 [40 C.F.R. § 261.3], a solid waste is a “hazardous waste” if it meets any of the criteria set forth in 25 S.C. Code Ann. Regs. 61-79.261.3(a)(2) [40 C.F.R. § 261.3(a)(2)] and is not otherwise excluded from regulation as a hazardous waste by 25 S.C. Code Ann. Regs. 61-79.261.4(b) [40 C.F.R. § 261.4(b)].
14. Pursuant to 25 S.C. Code Ann. Regs. 61-79.261.3(a)(2)(i) and 61-79.261.20 [40 C.F.R. §§ 261.3(a)(2)(i) and 261.20], solid wastes that exhibit any of the characteristics identified in 25 S.C. Code Ann. Regs. 61-79.261.21-24 [40 C.F.R. §§ 261.21-24] are characteristic hazardous waste and are provided with the EPA Hazardous Waste Numbers D001 through D043.
15. Pursuant to 25 S.C. Code Ann. Regs. 61-79.261.3(a)(2)(ii) and 61-79.261.30 [40 C.F.R. §§ 261.3(a)(2)(ii) and 261.30], a solid waste is a listed hazardous waste if it is listed in 25 S.C. Code Ann. Regs. 61-79 Part 261, Subpart D [40 C.F.R. Part 261, Subpart D].
16. Pursuant to 25 S.C. Code Ann. Regs. 61-79.260.10 [40 C.F.R. § 260.10], a “facility” includes “all contiguous land, and structures, other appurtenances, and improvements on the land, used for treating, storing, or disposing of hazardous waste.”
17. Pursuant to 25 S.C. Code Ann. Regs. 61-79.260.10 [40 C.F.R. § 260.10], a “person” includes a corporation.
18. Pursuant to 25 S.C. Code Ann. Regs. 61-79.260.10 [40 C.F.R. § 260.10], an “owner” is “the person who owns a facility or part of a facility” and an “operator” is “the person responsible for the overall operation of a facility.”
19. The Respondent was issued a permit by the South Carolina Department of Health and Environmental Control (SC DHEC) for the storage and treatment of hazardous waste (Permit # SCD 003 351 699) on April 11, 2005 (RCRA Permit). The RCRA Permit became effective on May 25, 2005. The RCRA Permit expired on May 25, 2015. However, Respondent submitted a timely permit application renewal on November 10, 2014. Therefore, pursuant to 25 S.C. Code Ann. Regs. 61-79.270.51 [40 C.F.R. § 270.51], the conditions of the expired RCRA Permit continue in force until the effective date of a new permit.
20. Permit Condition II.R. (Management of Railcars Containing Hazardous Waste) of the Respondent’s RCRA Permit required the Respondent to submit a Railcar Management Plan (Plan) that, at a minimum, contained the following: shipment receipt and record keeping procedures, railcar turnaround time, inspection schedules, security information, and a contingency plan.
21. Pursuant to Section 4.0 of the Respondent’s submitted Plan, entitled “Hazardous Waste Railcar Turnaround Time,” the Respondent shall process railcars within 10 days of when the railcar is placed within the fence line. Additionally, no more than 10 percent of the total number of hazardous waste-containing railcars brought on-site in a calendar year shall exceed the 10-day time limit, unless approved by SC DHEC.

IV. EPA ALLEGATIONS AND DETERMINATIONS

22. Respondent is a “person” as defined in 25 S.C. Code Ann. Regs. 61-79.260.10 [40 C.F.R. § 260.10].

23. Respondent is the “owner/operator” of a RCRA-permitted hazardous waste “facility” located at 654 Judge Street, Harleyville, South Carolina, as those terms are defined in 25 S.C. Code Ann. Regs. 61-79.260.10 [40 C.F.R. § 260.10].
24. Respondent is a cement manufacturing and hazardous waste management facility that receives hazardous wastes for energy recovery via various shipping methods, including railcar.
25. Respondent burns liquid hazardous waste derived fuel along with other fuels (e.g., coal, coke, natural gas) in its cement kiln for energy recovery.
26. On August 9-10, 2016, the EPA conducted a compliance evaluation inspection (CEI) at Respondent’s Facility. The findings of the CEI were documented in a Report mailed to the Respondent, dated June 7, 2017.
27. On December 22, 2016, the EPA sent Respondent a Request for Information pursuant to Section 3007 of RCRA, 42 U.S.C. § 6927, requesting inventory records used to track hazardous waste-containing railcars designated for the Facility for each day between October 1, 2013 and September 30, 2016, (including railcar number, generator names, profile number, date manifest received, date manifest signed, date the railcar sited, date unloading began, date unloading completed, plant days and the manifest days) in the form of an electronic database.
28. On January 30, 2017, the Respondent provided an electronic copy of the database for the period October 1, 2013 to September 30, 2016, used to track hazardous waste-containing railcars designated for the Facility.
29. By a February 8, 2017 email, the EPA requested inventory records for hazardous waste-containing railcars designated for the Facility based on the calendar year, from January 1, 2013 through December 31, 2016 (including railcar number, generator names, profile number, date manifest received, date manifest signed, date the railcar sited, date unloading began, date unloading completed, plant days and the manifest days) in the form of an electronic database.
30. On February 17, 2017, the Respondent provided an electronic copy of the database used to track hazardous waste-containing railcars designated for the Facility for the additional time periods of January 1, 2013 to September 30, 2013 and October 1, 2016 to December 31, 2016.
31. On February 6, 2017, February 17, 2017, and July 10, 2017, the Respondent submitted voluntary disclosures to SC DHEC disclosing that greater than ten percent of the hazardous waste-containing railcars processed in the calendar years 2013 (July 10, 2017 disclosure), 2014 and 2015 (February 17, 2017 disclosure), and 2016 (February 6, 2017 disclosure), exceeded the ten-day processing time.
32. According to Respondent’s July 10, 2017, disclosure, in calendar year 2013, the Facility processed 267 hazardous waste railcars, of which 51 railcars exceeded the ten-day time period for processing. Therefore, 25 railcars exceeded the ten percent allowance for that year and required approval from SC DHEC. The Respondent did not obtain the required approval.
33. The EPA therefore alleges that Respondent failed to comply with Section 4.0 of the Plan by exceeding the ten-day turnaround time for greater than ten percent of the hazardous waste-

containing railcars brought on-site in the calendar year 2013, without receiving approval from SC DHEC.

34. According to Respondent's February 17, 2017, disclosure, in calendar year 2014, the Facility processed 266 hazardous waste railcars, of which 29 railcars exceeded the ten-day time period for processing. Therefore, two railcars exceeded the ten percent allowance for that year and required approval from SC DHEC. The Respondent did not obtain the required approval.
35. The EPA therefore alleges that Respondent failed to comply with Section 4.0 of the Plan by exceeding the ten-day turnaround time for greater than ten percent of the hazardous waste-containing railcars brought on-site in the calendar year 2014, without receiving approval from SC DHEC.
36. According to Respondent's February 17, 2017, disclosure, in calendar year 2015, the Facility processed 200 hazardous waste railcars, of which 39 railcars exceeded the ten-day time period for processing. Therefore, 19 railcars exceeded the ten percent allowance for that year and required approval from SC DHEC. The Respondent did not obtain the required approval.
37. The EPA therefore alleges that Respondent failed to comply with Section 4.0 of the Plan by exceeding the ten-day turnaround time for greater than ten percent of the hazardous waste-containing railcars brought on-site in the calendar year 2015, without receiving approval from SC DHEC.
38. According to Respondent's February 6, 2017, disclosure, in calendar year 2016, the Facility processed 144 hazardous waste railcars, of which 20 railcars exceeded the ten-day time period for processing. Therefore, five railcars exceeded the ten percent allowance for that year and required approval from SC DHEC. The Respondent did not obtain the required approval.
39. The EPA therefore alleges that Respondent failed to comply with Section 4.0 of the Plan by exceeding the ten-day turnaround time for greater than ten percent of the hazardous waste-containing railcars brought on-site in the calendar year 2016, without receiving approval from SC DHEC.
40. Based on the violations of the Plan alleged in Paragraphs 33, 35, 37 and 39, the EPA alleges that Respondent failed to comply with its permit in violation of Section 44-56-130(3) of the SCHWMA, S.C. Code Ann. § 44-56-130(3) [Section 3005 of RCRA, 42 U.S.C. § 6925].

53. If Respondent fails to remit the civil penalty as agreed to herein, the EPA is required to assess interest and penalties on debts owed to the United States and a charge to cover the costs of processing and handling the delinquent claim. Interest, at the statutory judgment rate provided for in 31 U.S.C. § 3717, will therefore begin to accrue on the civil penalty if not paid within 30 calendar days after the effective date of this Consent Agreement or, if paying in installments, not paid in accordance with the installment schedule provided above. 58. 59. Complainant reserves the right to take enforcement action against Respondent for any future violations of RCRA and the implementing regulations and to enforce the terms and conditions of this CA/FO.
60. Except as expressly provided herein, nothing in this CA/FO shall constitute or be construed as a release from any civil or criminal claim, cause of action, or demand in law or equity for any liability Respondent may have arising out of, or relating in any way to, the storage, transportation, release, or disposal of any hazardous constituents, hazardous substances, hazardous wastes, pollutants, or contaminants found at, taken to, or taken from Respondent's Facility.
