Mitchell Williams is the only law firm in Arkansas with a team devoted to the comprehensive representation of companies in the marketing segment of the petroleum industry.

Our Petroleum Marketing Team represents companies and facilities that terminal, wholesale, retail and transport various petroleum products. We also represent companies that operate and/or supply terminals, bulk plants, truck stops, service stations and convenience stores with branded or unbranded petroleum products. Our representation has included the acquisition and sale of fixed base operators (FBO) and aviation facilities.

Our attorneys' experience includes service on the United States House of Representatives Energy and Commerce staff and as Assistant General Counsel to the Petroleum Marketers Association of America in Washington, D.C. Additionally, members of our Petroleum Marketing Team maintain strong relationships with the staff of the Petroleum Marketers Association of America and other related industry groups. Mitchell Williams has also served as legal counsel to the state's key industry trade association, the Arkansas Oil Marketers Association, for the last 15 years.
