dbuford@mwlaw.com

Mitchell Williams regularly represents clients in the acquisition or sale of business entities by merger and also by asset purchase or sale. Our Corporate Mergers & Acquisitions team of attorneys and paralegals draws upon experience in corporate, tax, environmental, securities, antitrust, regulatory and property law to provide comprehensive advice and counsel.

Our Corporate engagements have involved banks and bank holding companies, hospitals and nursing homes, multi-state insurance companies, insurance agencies, a multi-state cable TV system, soft drink bottling companies, and multi-national transactions including Arkansas assets and the sale of a major Arkansas electric utility's out-of-state service area. The team also represents clients in reorganizations involving changes in legal entity and reorganizations resulting from bankruptcy.
