Mitchell Williams' attorneys and legal assistants bring their experience in business, bankruptcy, environmental and litigation practice areas to bear on contested business matters. That experience is critical to business entities seeking litigation counseling and support.

Our staff has experience in both state and Federal courts, but also utilize mediation, arbitration and other proven methods of dispute resolution to help ensure a prompt, cost-effective and satisfactory resolution to client disputes. Matters handled most commonly by the members of our Business Disputes team include foreclosures, repossessions, UCC claims business torts, lender liability, fraud and self dealing.
