## Protecting your intangible assets with copyright, trademark and litigation support.

Many individuals – and all businesses – have intellectual property, including everything from names and brands to inventions and works of art. Too often, however, those assets go unprotected.

The Mitchell Williams Intellectual Property team helps emerging businesses, Fortune 100 companies, financial institutions, insurance companies, agriculture businesses, environmental businesses, transportation companies, hospitality businesses and marketing agencies develop, commercialize and strategically protect their intangible assets. Even better, we do it proactively saving clients significant time, trouble and expense. Our practice is comprised of an integrated team of attorneys with extensive experience offering intellectual property counsel, compliance counsel and enforcement legal services. We work closely with our firm's investment, business, tax, data rights, regulatory and employment teams to offer our clients comprehensive support.
