Eric Fuselier has joined the Fayetteville, Arkansas, office of Olsson.

Mr. Fuselier will serve as a Project Scientist on Olsson's Environmental Team.

Previous professional service includes work as an environmental consultant for Garver and Crafton Tull. His professional experience includes work as an environmental professional providing consulting services for infrastructure projects located in Arkansas, Oklahoma, Missouri, Tennessee, Kentucky, Alabama, Mississippi, Louisiana, and Texas.

Mr. Fuselier is certified as a Professional Wetland Scientist by the Society of Wetland Scientists' Professional Certification program and is certified as a Wetland Botanist by Swamp School, LLC.

Olsson is an engineering design firm headquartered in Lincoln, Nebraska, and operates out of 31 offices in nine states.
