06/21/2022

Eric Fuselier, PWS, will undertake a June 25th presentation titled:

Discover the Grounds: Rain Gardens ("Presentation")

The *Presentation* is stated to focus on the role rain gardens can play in stormwater management.

Also addressed will be related topics such as:

- History of Functional Garden Spaces
- Design, Construction, and Plant Choices for Rain Gardens

Mr. Fuselier is an Environmental Scientist at Olsson. He serves as a National Director for Wild Ones: Native Plants, Natural Landscapes, which is a non-profit. The organization's mission is stated to include promotion of:

. . . environmentally sound landscaping practices to preserve biodiversity through the preservation, restoration, and establishment of native plant communities.

The *Presentation* will be held on June 25th from 10:00 a.m. to 11:00 p.m. and is free. It will be held in the Bellows/Cassatt Rooms at Crystal Bridges in Bentonville, Arkansas. Reservations are required and can be made by calling Guest Services at 479-657-2335 or registering online here.
