Several Requests for Hearing were filed before the Arkansas Pollution Control & Ecology Commission ("Commission") addressing an application seeking to modify a permit for an open-cut mining operation in Washington County, Arkansas.

The Requests for Hearing address the application filed by Eco-Friendly Materials, LLC ("ECM").

Three of the Requests for Hearing were filed by:

- Shelley Buonaluto
- Robert McConnell
- Shawn and Megan Hammack

The referenced permitting decision is styled Permit No. 0798-MN-A1.

The Requests for Hearing specifically address what is described as increased acreage of the permitted area from 80 to 160 acres.

Copies of the Requests for Hearing with the exception of attached exhibits can be found here.
