The Arkansas Department of Agriculture announced the next Water Well Construction Committee ("Committee") will meet on September 10th.

The Committee will meet at 9:30 A.M. at the Arkansas Department of Agriculture's Natural Resources Division Office in Little Rock, Arkansas.

The Arkansas Water Well Construction Act was created by the Arkansas General Assembly of 1969 to protect the general health, safety, and welfare of Arkansans by regulating water well construction and pump installations. The statute and rules promulgated by the Arkansas Water Well Commission (now the Arkansas Natural Resources Commission) are stated to provide a framework for the proper development of underground water in an efficient, orderly, sanitary, reasonable, and safe manner.

Agenda items for the September 10th Meeting include:

- Consider the Arkansas Water Well Construction Committee meeting minutes of February 26th Committee meeting.
- Activity reports.
- Agency report.
- Inspector report.
- Applicant report.
- Active cases.
- Other business.
- Request from Caden Cartmell.
