The Arkansas Water Resources Center and its publication Water Currents published a recap of the 2025 Arkansas Agriculture, Forests, and Water Conference ("Conference").

The Conference was held on July 22 – 24.

The theme of the Conference was:

Building Resilience through Sound Science and Practice.

Water Currents states in part:

…Over three days, the conference showcased the full spectrum of water-related work happening in Arkansas, from cutting-edge laboratory research to hands-on conservation efforts in our communities.

Recaps of the three days include the following subjects:

- Day One: Understanding Water Pollution Through Science
- Day Two: Protecting Water Resources
- Day Three: Giving Our Rivers a Voice
