The Mississippi Commission on Environmental Quality ("MCEQ") and Southeastern Railway Services ("SRS") entered into a January 5th Agreed Order ("AO") addressing alleged violations of an Air Permit. See Order No. 7646 26.

The AO provides that SRS operates a railway services facility in Magnolia, Mississippi.

The facility is stated to operate pursuant to a Synthetic Minor Operating Permit ("Permit").

The following alleged violations are stated to have occurred:

- Unpermitted fuel storage tank in violations of Condition 1.A.11 of the Permit.
- Failure to conduct and record monthly maintenance records in violation of Condition 5.4 of the Permit.
- Failure to monitor and record hours of operation in violation of Condition 5.5. of the Permit.
- Failure to submit Synthetic Minor annual reports for calendar years 2022 and 2023 in violation of Condition 6.2 of the Permit.

SRS is stated to have:

- Submitted the annual monitoring reports for the referenced calendar years.
- Submitted documentation showing the unpermitted fuel storage tank had been removed from the facility.

A \$4,500 penalty is assessed.

A copy of the AO can be found [here](#).
