03/20/2026

As noted in a previous blog post, Arkansas operates a petroleum storage tank trust fund that provides reimbursement for eligible storage tanks that suffer corrective action requirements and third-party damage claims due to a release of petroleum.

The Advisory Committee on Petroleum Storage Tanks meets monthly at the Arkansas Department of Energy and Environment – Division of Environmental Quality to review reimbursement claims.

The Arkansas Department of Energy and Environment sent out a March 20th notice stating:

The Arkansas Petroleum Storage Tank (PST) Advisory Committee has postponed its Wednesday, March 25, 2026, meeting. A notice will be sent when a new date is confirmed.
