# Hazardous Waste Enforcement: U.S. Environmental Protection Agency and Wichita, Kansas Chemical Retailer/Waste Collection Facility Enter into Consent Agreement

04/17/2026

The United States Environmental Protection Agency (“EPA”) and Safety-Kleen Systems, Inc. (“SKS”) entered into a February 18th Consent Agreement and Final Order (“CAFO”) addressing alleged violations of the Resource Conservation and Recovery Act (“RCRA”) regulations. See Docket No. RCRA-07-2026-0071.

The CAFO provides that SKS owns and operates a RCRA permitted facility located in Wichita, Kansas.

The facility is stated to operate as a chemical retailer and conducts waste collection activities.

The Kansas Department Health and Environment is stated to have issued a RCRA permit for the facility in 2019. The facility is stated to be allowed to store and treat hazardous waste in accordance with the terms and conditions of the permit.

The CAFO alleges the following violations:

- Grand Island Facility: Failure to Maintain Secondary Containment System
- Wichita Facility: Failure to Properly Document Inspections

SKS neither admits nor denies the specific or factual allegations in the CAFO.

A civil penalty of \$55,719 is assessed.
