The Arkansas Department of Energy and Environment - Division of Environmental Quality ("ADEQ") and Jarvis Tree Service, Inc. ("JTS") entered into a May 22nd Consent Administrative Order ("CAO") addressing alleged violations of a General Air Permit. See Case #: CAO-25-0076.

The CAO provides that JTC owns and operates an Air Curtain Incinerator in Heber Springs, Arkansas.

The site is stated to operate pursuant to a General Air Permit for Title V Air Curtain Incinerators ("Permit").

The following violations are alleged:

- Failure to perform the initial or subsequent testing prior to the 180-day deadline at the air curtain incinerator, violating Specific Conditions 25 and 26 of the Permit.
- Submission of two Semi-Annual Monitoring ("SAM") Reports that used the wrong form and contained none of the required data, which violates General Provision 7 of the Permit.

JTS submitted on June 11, 2025, revised SAM Reports and submitted a test report for testing that occurred on May 20, 2025. The test was passed.

A civil penalty of $3,000 is assessed.

A copy of the CAO can be found here.
