Eric Fuselier and Kelsey Criswell have joined the Rogers, Arkansas Office of I & S Group, Inc. (“ISG”).

ISG describes itself as a 100% employee-owned firm with 800 professionals across 9 states providing architecture, engineering, environmental, and planning services.

Kelsey Criswell, P.E. is a water resources engineer with experience in water resources planning and management. Her experience includes supporting projects involving watershed planning, water quality, and flood mitigation. She has previously worked with Olsson and FTN Associates, Ltd.

Eric Fuselier, PWS, ENV SP is a senior environmental scientist with more than 13 years of experience in environmental consulting, permitting, and client resilience planning. He is a certified Professional Wetland Scientist and Envision Sustainability Professional. Eric has supported infrastructure projects across the southern and central United States and previously worked with Garver, Crafton Tull, and Olsson.
