

**ARKANSAS DEPARTMENT OF ENERGY AND ENVIRONMENT,  
DIVISION OF ENVIRONMENTAL QUALITY**

IN THE MATTER OF:

AFIN: 88-00798

Case #: CAO-26-0013

McGeorge Contracting Co., Inc.  
d/b/a Cranford Construction Company  
1425 Shamburger Lane  
Little Rock, Arkansas 72206

**Consent Administrative Order**

This Consent Administrative Order (CAO) is issued pursuant to the authority delegated under the federal Clean Air Act, 42 U.S.C. § 7401 et seq., and the federal regulations issued thereunder. In addition, this CAO is issued pursuant to the authority of the Arkansas Water and Air Pollution Control Act (the Act), Ark. Code Ann. § 8-4-101 et seq., 8 Code of Arkansas Rules (CAR) pt. 10, 8 CAR pt. 11, 8 CAR pt. 40, and 8 CAR pt. 41.

The issues herein having been settled by agreement of McGeorge Contracting Co., Inc., d/b/a Cranford Construction Company (Respondent) and the Director of the Arkansas Department of Energy and Environment, Division of Environmental Quality (DEQ), it is hereby agreed and stipulated that the following Findings of Fact and Order and Agreement be entered.

**Findings of Fact**

1. Respondent operates an asphalt paving mixture and block manufacturing facility located at 4202 Highway 270 W, Malvern, Hot Spring County, Arkansas (Site).
2. DEQ issued Air General Permit For Minor Source Hot Mix Asphalt Facilities 1912-AGP-

000 (Permit) on August 16, 2021, with an effective date of November 1, 2021, and expiration date of October 31, 2026. DEQ issued Tracking No. 1912-AGP-049 on October 29, 2003, providing Respondent authority to operate under the Permit.

3. Arkansas Code Annotated § 8-4-217(a)(3) provides:

(a) It shall be unlawful for any person to:

...

(3) Violate any provisions of this chapter or of any rule or order adopted by the Arkansas Pollution Control and Ecology Commission under this chapter or of a permit issued under this chapter by the Division of Environmental Quality.

4. Pursuant to Ark. Code Ann. § 8-4-103(c)(1)(A)-(B):

(A) Any person that violates any provision of this chapter and rules, permits, or plans issued pursuant to this chapter may be assessed an administrative civil penalty not to exceed ten thousand dollars (\$10,000) per violation.

(B) Each day of a continuing violation may be deemed a separate violation for purposes of penalty assessment.

5. Respondent submitted a stack test report for Particulate Matter (PM) testing conducted at Hot Mix Asphalt Plant Baghouse (SN-01) on October 30, 2025.

6. DEQ emailed correspondence dated January 5, 2026, informing Respondent that the stack test report indicated that Hot Mix Asphalt Plant Baghouse (SN-01) was out of compliance with the Permit at the time of testing. Specifically, test results showed an average of 0.0423 gr/dscf, over the 0.04 gr/dscf limit allowed under the Permit.

7. On December 31, 2025, DEQ received Respondent's written response regarding the actions

taken to correct the non-compliance items. Respondent stated that the facility has completed bag checks and replaced some bags at the baghouse. Respondent stated that the facility will re-test as soon as there is capacity to conduct a test. The facility anticipates having enough capacity to test in March 2026.

8. On January 22, 2026, DEQ notified Respondent via a Notice of Non-Compliance (NNC) stating that formal enforcement was proceeding regarding the violations in the list below.
9. Violation: The entity failed to comply with a delegated NSPS requirement. (8 CAR § 41-204 and 40 C.F.R. § 60)

Respondent's facility is subject to the provisions of 40 C.F.R. Part 60, Subpart I—Standards of Performance for Hot Mix Asphalt Facilities (Subpart I). Specific Condition 18 of the Permit states that Respondent shall not exceed the permitted emission rate limit of 0.04 gr/dscf of PM at SN-01.

A review of the stack test report indicated that SN-01 exceeded the permitted emission rate for PM at SN-01 during the testing. The permitted emission rate limit for PM at SN-01 is 0.04 gr/dscf. The average emission rate recorded for PM at SN-01 during the testing was 0.0423 gr/dscf. Exceedance of the permitted PM emission rate limit at SN-01 is a violation of Specific Condition 18 of the Permit, Subpart I, and 8 CAR § 41-204 and 40 C.F.R. § 60.

### **Order and Agreement**

WHEREFORE, the parties stipulate and agree as follows:

1. Within thirty calendar days of the effective date of this CAO, Respondent shall submit a test protocol for PM testing at SN-01. Within forty-five calendar days of the effective date of this CAO, Respondent shall conduct emissions testing for PM at SN-01. Within sixty

calendar days of the test, Respondent shall submit the emissions test results for SN-01 to DEQ.

2. In compromise and full settlement of the violations specified in the Findings of Fact, Respondent agrees to pay a civil penalty of FOUR THOUSAND DOLLARS (\$4,000.00), or one-half of the penalty, TWO THOUSAND DOLLARS (\$2,000.00) if this CAO is signed and returned to DEQ within twenty (20) calendar days of receipt of this CAO. Ten percent (10%) of the total penalty shall be paid as reimbursement to DEQ for administrative costs associated with this CAO. Payment is due within thirty (30) calendar days after the effective date of this CAO. Payment can be made online using the Financials tab of your site in SEEK or mailed in by check. The Compliance Action Number should be referenced in the memo line of paper checks and be made payable to: DEQ, Fiscal Division, 5301 Northshore Drive, North Little Rock, Arkansas 72118-5317. In the event that Respondent fails to pay the civil penalty within the prescribed time, DEQ shall be entitled to attorneys' fees and costs associated with collection.
3. All requirements of this CAO are subject to approval by DEQ. In the event of any deficiency, Respondent shall, within the timeframe specified by DEQ, submit any additional information or changes requested, or take additional actions specified by DEQ to correct any such deficiencies. Failure to respond adequately to the notice of deficiency within the timeframe specified by DEQ constitutes a failure to meet the requirements established by this CAO and is subject to the civil penalties established in the following Paragraph.
4. Failure to meet any term(s) of this CAO or the applicable approved schedules provided for herein constitutes a violation of this CAO. If Respondent fails to meet any term(s) of this

CAO, Respondent shall pay, on demand, to DEQ civil penalties according to the following schedule:

- |  |                 |
|--|-----------------|
| (a) First day through the fourteenth day:    | \$100 per day   |
| (b) Fifteenth day through the thirtieth day: | \$500 per day   |
| (c) More than thirty days:                   | \$1,000 per day |

Stipulated penalties shall be paid within thirty (30) calendar days of receipt of DEQ's demand to Respondent for such penalties. These stipulated penalties may be imposed for delay in scheduled performance and shall be in addition to any other remedies or sanctions that may be available to DEQ by reason of Respondent's failure to comply with the requirements of this CAO. DEQ reserves its rights to collect other penalties and fines pursuant to its enforcement authority in lieu of the stipulated penalties set forth above.

5. If any event, including, but not limited to, an occurrence of nature, causes or may cause a delay in the achievement of compliance by Respondent with the requirements or deadlines of this CAO, Respondent shall notify DEQ in writing as soon as reasonably possible after it is apparent that a delay will result, but in no case after the due dates have passed. The notification shall describe in detail the anticipated length of the delay, the precise cause of the delay, the measures being taken and to be taken to minimize the delay, and the timetable by which those measures will be implemented.
6. DEQ may grant an extension of any provision of this CAO, provided that Respondent requests such an extension in writing and provided that the delay or anticipated delay has or will be caused by circumstances beyond the control of and without the fault of Respondent. The time for performance may be extended for a reasonable period, but in no event longer than the period of delay resulting from such circumstances. The burden of proving that any delay is caused by circumstances beyond the control of and without the

fault of Respondent and the length of the delay attributable to such circumstances shall rest with Respondent. Failure to notify DEQ promptly, as provided in the previous paragraph of the Order and Agreement, shall be grounds for a denial of an extension.

7. This CAO is subject to public review and comment in accordance with Ark. Code Ann. § 8-4-103(d) and therefore is not effective until thirty (30) calendar days after public notice of the CAO is given. DEQ retains the right and discretion to rescind this CAO based on comments received within the thirty (30) day public comment period. Notwithstanding the public notice requirements, the corrective actions necessary to achieve compliance shall be taken immediately.
8. As provided by 8 CAR pt. 11, this matter is subject to being reopened upon Pollution Control and Ecology Commission (Commission) initiative or in the event a petition to set aside this CAO is granted by the Commission.
9. Nothing contained in this CAO shall relieve Respondent of any obligations imposed by any other applicable local, state, or federal laws. Except as specifically provided herein, nothing contained in this CAO shall be deemed in any way to relieve Respondent of responsibilities contained in the permit.
10. Nothing in this CAO shall be construed as a waiver by DEQ of its enforcement authority over alleged violations not specifically addressed herein. In addition, this CAO neither exonerates Respondent from any past, present, or future conduct that is not expressly addressed herein, nor relieves Respondent of the responsibilities for obtaining any necessary permits.
11. The individual signing this CAO represents that he or she is an Officer of Respondent, being duly authorized to execute and bind Respondent to the terms contained herein.

Execution of this CAO by an individual other than an Officer of Respondent shall be accompanied by a resolution granting signature authority to that individual as duly ratified by the governing body of the entity.

It is so ordered.
