

What's New at DEQ?

DEQ COVID-19 Update

During this critical time, the Arkansas Department of Energy and Environment is taking precautions to reduce the spread of COVID-19. Following Governor Hutchinson's announcement on Thursday, March 19, Secretary Keogh has directed that our staff begin working remotely effective Monday, March 23. Thankfully, the Department is prepared for this type of remote work, and we are equipped to continue our mission to protect the State's health and environment through regulatory programs, essential department functions, and emergency response efforts. If you have a question or need assistance, then please call 501.682.0744

For COVID-19 information please visit the Arkansas Department of Health's website: <https://www.healthy.arkansas.gov/programs-services/topics/novel-coronavirus>
