What You Need to Know

Who should attend?

Plant managers, maintenance and environmental managers, safety committees, HR professionals, safety and health managers, state and local regulatory agency professionals, and local government officials will gain valuable knowledge to apply to their professional responsibilities and also be able to help others in their communities better understand how state and federal air pollution programs work and how they are enforced.

Attire

Dress is business casual. The temperature in the meeting room may fluctuate; so bring a jacket if you think you will need it.

Location

Arkansas Electric Cooperative Corporation Board Room
1 Cooperative Way, Little Rock, AR 72209

Hotel

A limited number of rooms are blocked at the Comfort Inn and Suites at 707 Interstate 30 Little Rock, AR 72202. Be sure to mention you're with the Arkansas Environmental Federation to get the special rate.

IMPORTANT: Please be advised that hard copies of presentations will not be available. We will have Wi-Fi access and presentations will be available at www.environmentark.org during this seminar. Please bring your laptop or tablet if you prefer individual viewing of presenter information.

About the AEF

The Arkansas Environmental Federation is a private, non-profit environmental education association that formed in 1967. The AEF works closely with industry, as well as state and federal environmental, safety and health regulators. The AEF's efforts focus on educating environmental, health, and safety professionals through educational workshops. We advocate economic growth with environmental concern through practical, scientifically based regulations.

For membership information or to register on-line, visit the AEF's website at www.environmentark.org, send an e-mail to mbrooksins@environmentark.org, or call 501-374-0263.
