Due to capacity concerns at the District we must cap attendees at 60 for our event on Thursday, March 28 at the Vicksburg District. We have received overwhelming response to our earlier announcement and only a few spots remain. We will keep a stand-by list of those who register after we hit our limit in the event someone is unable to attend. If you have registered and will not be able to attend please let us know so we can offer a seat to someone else.

Thank you for your interest in our program and we look forward to talking with you soon.
