Notice CRP-1046

3 Batching of All Continuous CRP Offers Including CREP

A Batching Offers for Signup 63

The 2018 Farm Bill requires that no more than 27 million acres can be enrolled in CRP. Current enrollment in CRP is approximately 25.9 million acres. Contracts totaling approximately 957,393 acres are scheduled to expire on September 30, 2025.

B Batching Period(s) for Signup 63

To ensure the acreage enrolled does not exceed the statutory limitation, beginning on May 12, 2025, FSA will accept and batch all continuous CRP offers, including CREP, as follows:

- accepted on a non-competitive first-come, first-serve basis
- placed in a batch process to ensure program enrollment levels do not exceed the statutory acreage cap
- approved by COC following notification from the National Office of acceptable offers announced through a future policy notice.

Note: County Offices will not submit offers to NRCS for conservation planning until notified of an acceptable status by the National Office.

The following table displays the first batching period for continuous offers, including CREP.

Batching Period	Target Acceptance/Rejection Date	Enrollment Type	
May 12 – June 6	June 27	<ul style="list-style-type: none">• Continuous• CLEAR30• FWP	<ul style="list-style-type: none">• HELI• SAFE• CREP

Note: Additional batching periods may be announced depending on acreage availability below the statutory acreage cap.

Both CRP-1 and applicable CRP-2C or CRP-2C30 must be completed, signed by an eligible owner or operator, and received in the County Office for the offer to be considered submitted. To be considered in the batching period, the County Office **will** update the offer to a “Submitted” status in COLS by COB on **June 6, 2025**. Submitted continuous offers, including CREP, will **not** be approved until a policy notice with a list of acceptable signup 63 offers from the batching period is published.

County Offices will continue to take offers after June 6, 2025, and ensure producers understand there is no guarantee when and if the offer will be batched and accepted. A subsequent notice will be issued to address continuous offers submitted after June 6, 2025.

4 Offer Processing

A How to Process Offers

County Offices will:

- process all continuous CRP signup 63 offers according to 2-CRP and 4-CRP
- follow 2-CRP, subparagraph 171 C for the continuous signup process flow.

Note: Manual CRP-1's, CRP-2C's, and CRP-2C30's are not authorized.

5 Required Practice Information for Conservation Plans

A Job Sheets or Implementation Requirements

FSA State conservation program specialists will work with NRCS State CRP program managers to update or review implementation requirements and provide to County Offices for all continuous CRP practices. This step is critical to ensure all practice implementation components are included so FSA and the participant clearly understand how the practice will be installed, managed, and maintained.

In addition to the material outlined in the National Planning Procedures Handbook, the conservation plan must include information and implementation requirements on the following:

- vegetative or cover establishment
- herbicides, insecticide, or mechanical weed control
- required management activities
- engineering plans.

Implementation requirements will include the information needed for County Offices to develop the cost share agreement (FSA-848) with applicable practice components needed to ensure the practice is completed according to NRCS standards and specifications.

6 Memorandum of Agreement Between NRCS, FSA, and CCC (MOA)

A MOA extension with NRCS

The current MOA signed by FSA and NRCS in October 2019 which expired in September 2023 has been extended. Both parties have agreed to operate under the terms and conditions of the amended agreement until a new MOA is executed.

Notice CRP-1046

7 Interim Conservation Plans

A Authority for Interim Conservation Plans

Interim Conservation Plans will be authorized for use in continuous CRP signup 63. Policy and guidance regarding their completion will be included in a future policy notice.
